LAMPERT ONLY ONE SURE OF ELECTION

Wisconsin Representative May
Succeed Focht as Head
of D. C. Committee.

Speculation as to the successor
to Chairman Focht of the House
District Committee subsided con-
siderably yesterday when members
of the committee pointed out that
Representative Florian Lampert, of
Wisconsin, is the only Republican
member certain of re-election. He
will be opposed in the Novem-
ber elections.

Meanwhile a boom has been
started to seat Representative
Frederick N. Zihlman, of Mary-
land, in the event that the House
continues to be dominated by the
Republicans, as is expected.
Representative Loren E. Wheeler,
of Illinois, is the ranking Republi-
can member of the committee,
and so far has refused to commit
himself regarding the chairman-
ship. He is chairman of the Com-
mittee on Railways and Canals
and would not, according to other
members, resign from this position
to accept the District Committee
chairmanship.
Next in line are Representatives
Stewart F. Reed, of Virginia,
and Frederick N. Zihlman, of Mary-
land, who have served three terms
in the House. Representative Reed
is a member of several active
committees and chairman of the
Committee on Expenditures in the
Department of Justice. His col-
leagues insist that he would rather
be a District Committee member
than chairman.
Representative Zihlman is chair-
man of the Committee on Expen-
ditures in the Interior Department
and member of the District, Insular
and Labor committees, but the in-
terests of his district and those of
Washington are so closely allied
that it is believed he would serve
as chairman of the District Com-
mittee if the place were offered him.

According to the story Matthew
is said to have told the police, a

arrested by Policeman C. H. Stoll
and charged with using a dead en-
